

## **STATIONARY CONCRETE PUMP MGS 10-60H - MOLI**

### **Description:**

MOLI: mobile pipeline concrete pump for long distance concrete delivery.  
 M.G. Concrete pump Type MGS 10-60H-MOLI, Part no. 9605001  
 Without a truck / Mounted on a MAN truck model 12.220

### **Technical Details:**

Max. output (Rod side) .....	60 m <sup>3</sup> /hr
Max. output (Piston side) .....	41 m <sup>3</sup> /hr
Max. concrete pressure (Rod side) .....	80 bar
Max. concrete pressure (Piston side).....	120 bar
Conveying cylinder diameter.....	180 mm
Conveying cylinder stroke.....	1000 mm
Hydraulic pump .....	Kawasaki K3V140
Number of strokes (Rod side) .....	39 stroke/min
Number of strokes (Piston side).....	27 stroke/min
PTO gear Box .....	G61.
Max. Hydraulic pressure for pump group.....	320 bar
Capacity of oil tank .....	300 liter
Capacity of water tank .....	500 liter
Water pump.....	hydraulic power 20 bar 120 L/min
Hopper .....	450 liter

**Country of origin:** South Korea
